

M-AIS apsXML® 5.X (Editor) eAIP Editorial Course

Who should attend the course?

This course provides the definitive introduction to the usage of the apsXML® system for eAIP production. It is aimed at editorial staff with the responsibility for keeping eAIP content up-to-date. It is suitable for eAIP staff at all levels from Trainees to Administrators.

How long is the course?

3 Days.

What are the benefits of attending?

Delegates will learn to navigate the apsXML® File menus, dialog boxes, context-sensitive menus and icons to gain full access to the eAIP editorial features.

Delegates will learn to perform all tasks involved in the creation and editing of the eAIP and its component parts and files using the eAIP File Management tools.

Delegates will learn to place links to the SDO static data via the APS datalink placement tools and by using automatic table generation tools.

What are the prerequisites?

You should have attended both the "Working with structured Documents" course or have a similar level of knowledge of FrameMaker.

You should have a working knowledge of the eAIP and its related documentation in Annex 15 and Doc 8126.

You need to be familiar with PCs and the Windows environment.

Course Outline

Getting started

- 📌 Starting apsXML®
- 📌 Setting session defaults
- 📌 Setting the session defaults
- 📌 Preferences and advanced options
- 📌 Setting session preferences
- 📌 Advanced options
